Catherine Demas

Vice President, Entertainment Design at Spin Master

RE: Thank you for your interview for the position of Sr. Designer, Licensing Product Development

Dear Ms. Demas,

I want to take this opportunity to thank you for the comprehensive discussion we had yesterday about the Senior Design position, the dynamics within the tight-knit team, and the ongoing successes (and challenges) at Spin Master consumer products. It was particularly encouraging to hear about the continued success of foundational properties like Paw Patrol, as well as learning that new and exciting projects are in the pipeline.

I'm eager to bring my product design skill from Disney and Thinkway Toys to Spin Master, and I'm ready to facilitate and support the team wherever needed, particularly as processes continue to evolve and improve. Your focus on seeking areas for efficiency and improvement where needed resonated deeply with me. I'm prepared to be flexible and accommodating, ensuring that we effectively meet the team's needs.

Our meeting left me inspired and even more enthusiastic about the opportunity to join your team. Following the topic on salary, I reached out to Heather to understand the next steps. I look forward to any further engagement.

Thank you once again for considering my application. I appreciate the possibility of becoming a part of such a dynamic team and contributing to Spin Master's future successes.

Warm regards,

Sincerely,

Edwin Au
